

**Big Brothers Big Sisters**  
of Central New Mexico

Do you want to help children? Do you care about philanthropy and impacting the future of your community? If so, the Big Brothers Big Sisters board of directors may be a great fit for you.

By joining the Big Brothers Big Sisters board, you can help create a future for New Mexico where at least 75% of our children are graduating from high school. A future where our employers can draw from a huge pool of educated, talented young people eager to begin their professions. A future where children don't go hungry because their primary breadwinner is in prison or using drugs and alcohol.

What would it take to get there? What if every child was put on the right path today? What if every child in New Mexico graduated high school, went to college, and gave back to his or her community? What could that start? It might be the start of Something Big.

Here at Big Brothers Big Sisters, we connect children of promise in one-to-one mentoring relationships with caring adults, and put them on the path to success. We invite you to join our dynamic board in building a community that supports the youth of New Mexico - because every time you donate time or money to help children reach their potential, you start something big.
