

Intel New Mexico 40 for 40 STEM “Science, Technology, Engineering, Mathematics” Grants

In celebration of Intel’s 40th anniversary in New Mexico, the local technology innovator and manufacturer is partnering with the Rio Rancho Community Foundation to support New Mexico teachers and 501(c)3’s. By providing 40 grants of up to \$2,500 to teachers or non-profits from across the state - who will fund initiatives focused on science, technology, engineering, and math - Intel will support the amazing work of our state’s educators and non-profits to inspire more students to consider careers in these fields.

**All applications must be submitted online to ssheridan@rrcc.org
no later than 3:00 pm Friday, April 17th, 2020.**

Please include and attach:

- ✚ For **non-profits only**: a copy of your 501(c)3 documentation and either your 2019 tax return OR a copy of 2018 end of year financial statements to your application.
- ✚ Governing Body Endorsement and confirm that funds be used within the State of New Mexico.
- ✚ Satisfaction proven by your principal/committee/board that funds are to be used for educational purposes and not towards administrative costs.
- ✚ Approval from administrators from your school for any classroom applications.

ORGANIZATION NAME: _____

EIN/FED TAX ID NUMBER: _____

Name of Person completing application: _____

Title of Person completing application: _____

Address: _____

City: _____ State: _____ Zip: _____

Office Number: _____ Cell Number: _____

Email Address: _____

Does your school receive Title 1 funding (This information is for reporting purposes only, title I status is NOT a requirement for this grant) Yes _____ No _____

Grant Amount Requested: _____

Program or Initiative Title and Short Description (space limited to 900 characters) If funded, this description will be in printed materials.

Who are the PRIMARY PARTICIPANTS in this project?

Primary participants are those directly engaged as learners in the project. (Check all that apply)

- Pre-K
- Kindergarten
- Elementary School
- Middle School
- High School
- Teachers
- Other (*Please explain below)

Approximate number of primary participants?

What best describes this project?

- Project serves one classroom; will occur during school hours
- Project serves multiple classroom; will occur during school hours
- Project is school wide; will occur during school hours
- Teacher Training
- Other (*Please explain below)

Project Start Date (earliest start date is 04/01/2020):

Month_____ Day_____ Year_____

Is this project ...?

- New
- A Continuation of an existing project

What are the ESTIMATED demographics of the PRIMARY participant only?

Enter numbers only – do not enter “%”

- African American
- Asian
- Caucasian
- Hispanic/Latin
- Native American
- Male
- Female

Program or Initiative Total Cost and Cost Breakdown (space limited to 900 characters)

Please provide a breakdown of how Intel Grant Funds will be used?

Enter numbers only no "\$" sign.

_____ Equipment

_____ Supplies

_____ Guest Presenters

_____ Tuition/Admission

_____ Curriculum Resources

_____ Other (*Please explain below)

_____ Total (**Should not exceed \$2500**)

How does your program(s) benefit STEM education?

Please consider the number of students who will benefit from this work. (Space limited to 900 characters)

How will success in the above program(s) be measured? (Space limited to 900 characters)

Feasibility and Sustainability: How is this program going to be implemented and how will it be sustained? (Space limited to 900 characters)

If we are awarded the grant, we will commit to:

- If awarded, non-profits and educators will be asked to submit a photo of themselves, which will be shared in marketing and on social media.
- If awarded, reporting requirements include providing either five photos or one 60-second, well-produced video suitable for sharing on social media. Grantees will be asked to obtain media releases for individuals depicted in videos or photos.
